

NetSet Communications – A Division of Xplornet Communications Inc. is a privately held telecommunications company, providing next generation broadband services throughout the Province of Manitoba. Established in 2009 we employ over 100 staff out of offices in Brandon and Winnipeg. In 2017, NetSet became a division of Canadian-owned Xplornet Communications.

We are recruiting **Full Time Infrastructure Technicians** in Brandon who share our passion for delivering truly great customer service. Explore and learn, become your personal best and feel the satisfaction of making a difference.

As an Infrastructure Technician, you will climb towers to install, maintain, and troubleshoot equipment. Bring us your enthusiasm, your energy and your commitment. Become an ambassador and work side by side with like-minded people dedicated to inspiring and helping your community stay connected to each.

**Key Responsibilities Include:**

- Work with hand tools and mechanical fasteners
- Maintain an inventory of tools, parts, and equipment assigned to vehicles
- Climb heights of 150-250 feet
- Mount equipment such as dishes, radios and other tower equipment while suspended in a climbing harness
- Participate in general safety meetings and contribute to safety culture
- Contribute to organizational goals and comply with company processes and procedures

**The ideal Candidate will possess:**

- Aptitude in IP networking, including IP addressing and basic routing
- Comfortable working at elevations on towers and rooftops
- Strong analytical and creative problem-solving abilities
- Highly organized with regards to maintaining cleanliness and proper care of tools
- Desire to learn and be a team player
- Ability to climb 150 to 250 foot towers
- Ability to work in extreme and varying weather conditions
- Willingness to travel; at times overnight trips may be required
- Valid drivers license, and clean drivers abstract
- Other duties as assigned
